Presenters:

Matthew D. Ford, M.S., CCC-SLP serves as the Clinical Coordinator of the Cleft-Craniofacial Center at Children's Hospital of Pittsburgh. He has an appointment as Clinical Instructor of Surgery in the School of Medicine, Department of Plastic Surgery. Matt serves the Cleft-Craniofacial team's senior speech pathologist with experience in the diagnosis and treatment of structurally related speech production and feeding/swallowing disorders. He is a Field Instructor for the University of Pittsburgh Department of Communication Disorders and is also an adjunct instructor in Speech Language Pathology at Duquesne University. He has served on the Cleft Team since 1997. He participates in ongoing research with individuals affected by cleft and craniofacial anomalies and has lectured both nationally and internationally.

Roberta A. Yauger, M.S. CCC-SLP is a Speech- Language Pathologist with 16 years of experience working in a variety of settings including Acute Care Hospital, Acute Rehab Hospital, Skilled Nursing Facility, Outpatient, Early Intervention and Home Health Care. She has a Master of Science from California University of Pennsylvania and a Bachelor of Science in Rehabilitation Counseling from Indiana University of Pennsylvania.
